

# MAINTENANCE SELECTION

SUMMER 2025

 **FICODIS** Group  
Member

# PARTNER IN THE CONSTANT IMPROVEMENT OF YOUR PRODUCTIVITY.

## Maintenance

We support you in keeping your equipment operating efficiently, preventing breakdowns and optimizing its lifespan.

Thanks to planned interventions, rapid repairs and advanced technologies, we minimize downtime and maximize productivity.

## Engineering, services and projects (ESP)

We offer a variety of solutions tailored to your operational needs to maximize your productivity.

## Personal safety

Take a look at our full range of solutions to ensure the safety and well-being of your employees in the workplace.

## Summer offer

Special offers to accompany you through the summer heat.

Pages 12 to 22

# LUBRICATION SOLUTIONS

A large range that meets the needs of different industrial sectors

Find out more

 CROMSON

## V-BELTS

Your trusted partner for sustainable and efficient transmission solutions.

Made from high-quality rubber with polyester reinforcement, our belts are antistatic (ISO 1813), oil- and abrasion-resistant. Their low degradation ensures long-lasting performance.

**Classical - A, B, C, 3L**  
**Narrow Wedge - 3V, 5V, 8V**

- Standard application
- Temperature range: -40 to +70°C

**Cogged Raw Edge Narrow - 3VX, 5VX**  
**Cogged - AX, BX**

- Heavy-duty applications
- EPDM reinforcement offers the best quality available on the market.
- Resistance to low and high temperatures: -40°C / +130°C.
- Tooth profile: optimized for long wear-free service life.
- Extreme flexibility, ideal for high speed and small pulleys.
- +50% grip compared to standard belts.

MULTI110CA

**EP2 multipurpose  
water-resistant grease  
MULTI 110**

**\$9<sup>95</sup>**

400G cartridge  
Alternative to lithium-based greases.  
Withstands wet environment and water  
washout. Outstanding extreme pressure  
resistance.

SCA200CA

**Extreme pressure  
calcium sulfonate  
grease - SCA 200**

**\$17<sup>95</sup>**

400G cartridge  
High tech grease suitable for the lubrication of  
mechanical parts working under high loads  
and in humid surroundings.

TOP5A2

**Multi-function  
lubricating -  
penetrating oil-TOP 5**

**\$19<sup>95</sup>**

650 ml / 22oz aerosol  
Lubricant. Penetrating oil. Corrosion  
protection. Water repellent. Deoxidant.  
Compatible with most rubbers and plastics.  
Does not attack paint.

TOPTENA2

**Lubricant  
Multifunctional  
degreaser - TOP TEN**

**\$13<sup>95</sup>**

Aerosol 650 ml / 22oz  
Penetrates rapidly into the smallest  
porosities of metal. Degreases mechanisms already  
seriously corroded. Lubricates small  
mechanisms. Eliminates water: water repellent  
effect. Protects against oxidation and repels moisture  
electrical and electronic circuits

GRPTFEAL2

**PTFE white  
grease -  
GR PTFE AL**

**\$24<sup>95</sup>**

650 ml / 22oz aerosol  
Clean lubrication. Good resistance to water  
and dust. Infusible (does not leak). Long-term  
lubrication. Flat nozzle spray together with extension  
tube for hard-to-reach areas. Registered by NSF  
International, category H1. Authorized in incidental  
contact with food. (N° 163619).

VGCUT77A2

**Drilling and tapping  
Ecofriendly water-  
based lubricant -  
VG CUT 77**

**\$28<sup>95</sup>**

650 ml / 22oz aerosol  
Ready-to-use aqueous fluid without  
V.O.C. non-flammable, V.O.C free Vegetable  
polymer-based. Odourless. No smoke emissions.  
Compatible with all types of metal, including copper  
and its alloys. Easy to degrease.

GALVASUNA2

**Glossy cold  
galvanising agent  
GALVASUN**

**\$18<sup>95</sup>**

Aerosol 650 ml / 22oz  
Aluminium-based for the long-term protection  
of all metals. Good resistance at aggressive  
temperatures. Temperature resistance: 400°C.  
Drying time for handling: 1 hour.

3790A2

**Marine grease**

**\$19<sup>95</sup>**

650 ml / 22oz aerosol  
Totally insoluble in cold, hot or sea  
water as well as in steam these properties  
enable to use it for lubrication of immersed or  
under severe water spray working equipment's.  
Highly adhesive and stringy.

# TAPERED ROLLER BEARINGS

Designed to Bear the Unbearable

**NTN**

## THE NTN ADVANTAGE

### Case-Carburized Steel

Premium material with increased  
surface hardness and pliable core  
increasing life by 40% while providing  
superior crack resistance

### Superior Quality

Made in USA and Japan  
featuring crowned rollers, super-  
finished rollers and raceways

### Comprehensive Product Coverage

Available in ISO (metric), Inch,  
and J-metric series with sizes  
ranging from 15 mm bore to  
2,180 mm O.D.

### Trusted for Over a Century

A design leader to the world's largest  
OEMs and end users, NTN supplies  
2/3 of the world's Fortune 500  
manufacturers

**CROMSON**

# PORTABLE FILTER CARTS

The most cost-effective solution to extend  
the life of your oils and equipment!  
Simplified maintenance and handling.

Complete maintenance of hydraulic systems:  
oil transfer and filtration, water removal, pipe and tank  
cleaning, draining, and equipment flushing. For factory machinery  
and industrial or mobile hydraulic systems.

# WORKING WITH YOU TO **MAXIMIZE** RELIABILITY AND PRODUCTIVITY.

ProService® is a unique technical services offering designed to optimize the lifecycle of your equipment. Through a proactive approach, our team of experts helps you improve reliability, reduce costs, ensure long-term performance, and train your teams.

With Tsubaki, benefit from a true technical partnership to boost your productivity.

To learn more about the Tsubaki ProService® package, visit [Tsubaki.ca](https://Tsubaki.ca)

## SKF

## SIMPLE AND POWERFUL CONDITION MONITORING

### SKF Axios

Cost effective, fully automated, on-line wireless technology for vibration and temperature monitoring. SKF Axios is easy to set up and offers machine health data at your fingertips.

Discover more: [skf.li/axEN](https://skf.li/axEN)

[skf.com/us](https://skf.com/us)

© SKF is a registered trademark of AB SKF (publ). © SKF Group 2025. All rights reserved.

### SKF QuickCollect sensor

A powerful and portable handheld sensor. Connects via Bluetooth to phones and tablets. This rugged device is packed with advanced features and provides instant feedback from vibration and temperature measurements.

Discover more: [skf.li/qcEN](https://skf.li/qcEN)

### GoPlant from SKF

Boost productivity and enhance operator rounds with this digital, scalable platform. Asset data, tasks, checklists and more, all in one place. Ideal for facility maintenance, operations, and safety teams.

Discover more: [skf.li/gpEN](https://skf.li/gpEN)

## CROMSON

## CUSTOM-MADE SECTIONAL FLIGHTS

High-speed production from 2.5" to 60"  
Optimized manufacturing process to reduce lead times, even for custom-made solutions.

Custom solutions tailored to the requirements of quarries, asphalt plants, cement plants, paper mills, bulk transportation, the forestry industry, and more. Performance, durability, and optimal adaptation for every application.

# HEPA BODY CLEANING VACUUM WITH AIR AGITATOR BRUSH

Powered by compressed air, they safely vacuum dust, sawdust, and debris without a motor or power cord. The anti-static model prevents the buildup of static electricity. Compliant with OSHA standards, with or without a HEPA filter, they can be mounted on any vertical surface to save space.

Proudly Canadian, delivering performance and expertise to industries since 1979

## TOPRING

## OUR HYDRAULIC EXPERTISE AT YOUR SERVICE

Complete and customized solutions to improve the efficiency and reliability of your industrial processes.

Since 2011, our hydraulic expertise has met the highest standards across diverse sectors such as **mining, forestry, aggregates, and manufacturing**. We offer custom solutions, supported by comprehensive assistance ranging from field diagnostics to operational implementation.

### Our hydraulic solutions

- Automation & control panels
- Cooling systems
- Filtration
- Hydraulic component design
- Hydraulic power units
- Hydraulic test stands
- Lubrication units
- Manifold blocks
- Pneumatic control panels
- Portable filtration units

### Performance, Reliability, Profitability

Strong partnerships with leading brands to guarantee optimum quality and constant reliability of our installations

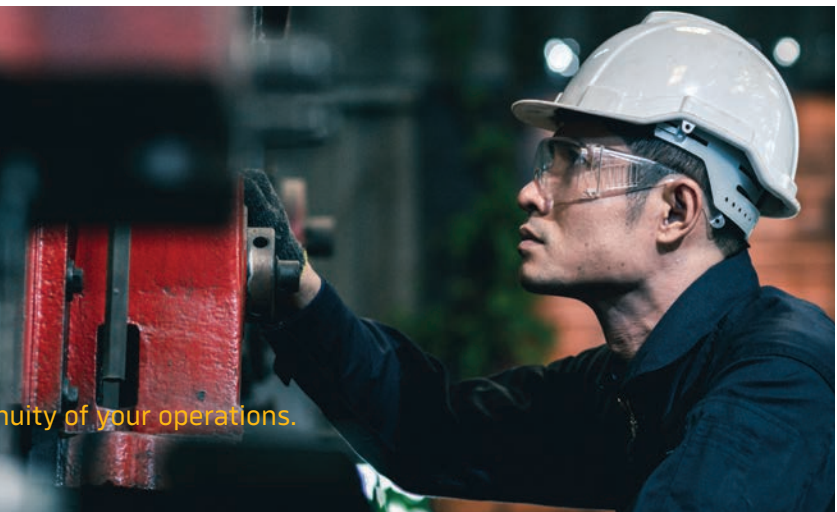

Trust our experts with your hydraulic projects for effective and lasting results.

## WE ARE HERE TO HELP YOU.

We provide the essential parts to ensure the continuity of your operations.

P702LZX  
Cut-resistant glove  
KYOSAFE XP 721N

\$11<sup>95</sup>

Sharp handling in dry, oily or damp environments. Seamless 18 gauge knitted glove in black KYORENE® fibre. Highly flexible foam. Nitrile coating on palm.
